Video training with the Project Lucas Team is
provided for all participants

MISSIONS TRIP TO RUIRU, KENYA

A trip of a lifetime!

All of our short-term mission trips give participants a chance to discover a deeper level of compassion and a servant heart within themselves. Most trips include distributing backpacks while sharing the gospel to hundreds of families, working at the Project Lucas School assisting our Kenyan staff, loving and caring for our sponsorship children, visiting sponsorship families, light construction, and many other opportunities to share the gospel and discipleship. It also includes a two-day safari and shopping at the world famous Masai Market.

We'll handle everything! Our U.S. and Kenyan staff at Project Lucas will arrange everything for the entire team's trip in Kenya - from travel logistics to cross-cultural training, accommodations, and much more. This is a trip of a lifetime, and our team will make sure you have an experience that will last a lifetime while also making a lasting impact on those in need.

OUR PURPOSE

That every Kenyan child will hear, see, feel, and touch the gospel.

OUR VISION

We cannot change the entire world, but we can change the entire world of one child.

WHAT DO WE

We share the gospel through education. We give children in Kenya who are affected by extreme poverty scholarships to receive a quality education.

By going to on this trip you will help us accomplish our mission and vision.
