## MISSIONS TRIP TO RUIRU, KENYA

### A trip of a lifetime!

All of our short-term mission trips give participants a chance to discover a deeper level of compassion and a servant heart within themselves. Most trips include distributing backpacks while sharing the gospel to hundreds of families, working at the Project Lucas Community Center assisting our Kenyan staff, loving and caring for our sponsorship children, visiting sponsorship families, light construction, and many other opportunities to share the gospel and discipleship. It also includes a two-day safari and shopping at the world famous Masai Market.

*We'll handle everything!* Our U.S. and Kenyan staff at Project Lucas will arrange everything for the entire team's trip in Kenya - from travel logistics to cross-cultural training, accommodations, and much more. This is a trip of a lifetime, and our team will make sure you have an experience that will last a lifetime while also making a lasting impact on those in need.
